

Ana-Maria

Hi!

My name is Ana-Maria. I'm 14 and I live with my older brother, parents and grandparents in Croatia.

My both parents are waiters in hotel „Minerva“. They work late, but they still have time for me. I get on very well with them, but sometimes they worry too much.

I like learning languages and playing handball. I also like reading interesting books and listening to all kind of music, especially rock. My favourite subjects in school are English and physics. My best friend is Ana. She is a real friend. She never lets me down and she keeps all my secrets. We go to the same school.

Love

Ana-Maria

Lorena

Hi,

my name is Lorena.

I am 14 years old and I live in a small country Croatia in a village called Tuhovec. I have a sister, Ivana. She is in the 6th grade. I get on well with her, although we sometimes argue. My mum is a housewife, so she spends a lot of time with us. Just opposite of my dad. He works very much and he is rarely at home.

I love singing. I enjoy listening to music and creating my own songs. My family and friends think that I am really good at it, but that is just my hobby. My best friend Valentina is talented for Croatian and Maths. We spend a lot of time together laughing and talking. We both like reading books and learning new things too.

One day I would like to learn Spanish because I think that is a really interesting language. I would like to be a lawyer but until then I have to learn and learn...

Lorena

Valentina

Hi.

My name is Valentina. I am going to the 8th grade. I live in a small country, Croatia, in a villiage near Varaždinske Toplice called Tuhovec.

I live with my parents, my grandpa and two sisters. Nikolina is in the 6th grade and Manuela is in high school in 2 grade. I get on well with my family. I sometimes argue with my sisters.

I like riding bike very much. I enjoy reading books and I play a musical instrument. I haven't got much free time. My favourite subjects are croatian and biology.

My best friend is Lorena. We have some same interests. We both like reading books, we are great pupils in school etc.

At high school, I would like to learn Spanish. This language seems to be very interesting to me...

That's all for now.

Bye!

Valentina

CLASS 5 A

We are loud and playful, but also very lovely. There are 10 boys and 11 girls in our class. We like hanging out with our friends.

Write to us in German or in English. We can sing three songs in Spanish and we are going to sing them to you.

There is so much more about us, but this would be all for now!
